

Ladies Night with Dr. David Hepburn from Wisequacks!

This month the Canadian Cancer Society has launched our annual Women's Health Campaign and we are excited to be joining forces with Curves of Greater Victoria and Dr. David Hepburn to help spread the word about early detection and prevention of some of the most common women's cancers.

Dr. Hepburn, M.D. is an award winning syndicated columnist featured in several major newspapers across the United States and Canada and is a recipient of the prestigious Canadian Community Newspaper Association columnist of the year award. His book "The Doctor is In(sane)" was released in the spring of 2009. Dr. Hepburn and Dr Rob Sealey host the nationally syndicated radio show Wisequacks, pegged as one of the most fun, informative and upbeat health shows in the media today.

Thursday October 27th 7:00-8:30 p.m.

Comfort Hotel & Conference Centre
Topaz Room
3020 Blanshard Street

*Enjoy appy's & cash bar
Entrance by donation*

Don't miss out, this evening is sure to equip you with expert advice to defend against some of the most common women's cancers and "quack" you up at the same time!
